HG ANTIQUE LOOK

To enhance the shades of materials with satin-like shine and an antique look. The product is suitable for the treatment of interior / exterior floors in natural stone (marble, travertine, etc.), brushed, flamed, bush-hammered, sawn, acidified and polished. After treatment, the surface is protected from oily or watery dirt by a shiny barrier. The product has a high resistance to chemical agents, acid rain, atmospheric agents, oils, acids, grease and organic substances.

AL00619B	Antique Look	1 lt x 12	Solvent based

HG SELF GLOSSY

Self-polishing paint formulated based on resins and waxes of high selections. It guarantees an impeccable polishing on marble and granite. The formula has been developed to give the treated surface a lasting gloss, even after exposure to atmospheric conditions. It has a wide range of applications and in all cases where traditional polishing can be difficult: corners, perimeters, edges, columns, skirting boards. It gives a "wet effect" even on unpolished materials such as blocks, slabs, tiles, etc.
